<b>TOTAL NUMBER of STOCK</b>	CATTLE = _____ SHEEP= _____

### **EAR TAG NUMBERS (Cattle only)**

<b>OFFICIAL EAR TAG</b>	<b>BREED</b>	<b>AGE</b>	<b>SEX</b>	<b>LOT No (OFFICE USE ONLY)</b>

### **DECLARATION**

Is the holding under movement restriction for bovine tuberculosis (TB) ? YES or NO

Is the above holding under movement restrictions for any other animal disease or public health reason?  
(excluding a 13 day standstill) YES or NO

Cattle on the holding are not under movement restrictions for any other animal disease or public health reasons. Withdrawal periods have been observed for all veterinary medicines and other treatments administered to the animals while on this holding and previous holdings.

To the best of my knowledge the animals are not showing signs of any disease or condition that may affect the safety of meat derived from them. No analysis of samples taken from animals on the holding or other samples has shown that the animals in this consignment may have been exposed to any disease or condition that may affect the safety of meat or to substances likely to result in residues in meat.

#### BVD Declaration

I/We hereby declare that the above animals are declared negative of BVD (Bovine Viral Diarrhoea) on the day of sale either by leaving a negative holding or having been individually tested. Please tick

- The holding which these animals have moved from to market is a BVD negative holding.
- The holding which these animals have moved from to the market is BVD not negative where all animals presented for sale are individually tested.
