The Suffolk Sheep Society Code of Conduct

As a member, employee, volunteer or associate of the Suffolk Sheep Society, you are part of a renowned breeder organisation that prides itself on representing the world's finest sheep breed, producing premium quality lamb and breeding stock.

In working together, all members, the Society employees and Council representatives must respect each other's role in maintaining this pedigree within the domestic and world market.

From time to time, you may experience issues or concerns regarding your membership or services that you engage in, and this code of conduct outlines the correct process a member should follow to gain a resolution to any difficulties they are experiencing.

The Code also outlines on a day-to-day basis the usual expectations that employees, members and Council representatives should expect, using the adage –

Give Respect, Get Respect

All parties have the right to work for and with the Society in an environment that:-

- ✓ Promotes Dignity at Work
- ✓ Encourages Individuals to treat each other with respect
- ✓ Advocates speaking politely, openly, and honestly with others
- ✓ Is open, transparent and fair
- ✓ Encourages the parties to take responsibility for each other
- ✓ Encourages and creates a culture free from inappropriate behaviour

If any party goes against any of these codes, then a full investigation will be initiated through the Complaints Committee (Chair, Vice Chair and Secretary) with the view to addressing the situation through the Disputes and Disciplinary committee to reach an outcome. The process being duly followed, the decision of the committee is final.

For avoidance of any doubt these include, but are not exclusive to, written or verbal abuse, intimidation, harassment, bullying, attempted or actual physical violence, and damage to property; any action that may bring the Society, Directors, Employees or Membership into disrepute will not be tolerated.

Any member, connected or not to the incident, witnessing any act that violates the code should in the first instance report this to the CEO or a member of the Society Council. Any contravention of the code will be dealt with by the Disciplinary Committee on a case-by-case basis, and sanctions to the privileges of membership of The Society will be imposed depending on the severity in nature of the incident. These may include, but are not limited to, being barred from Society sales or having their membership revoked.

Revised by Society – August 2025

FOR THE ATTENTION OF ALL VENDORS AT SOCIETY SALES

To protect the integrity of the breed it is important that sheep presented at Society events represent the best the Suffolk can offer. Members' attention is drawn to the following:

1. **ARTIFICIAL COLOURING:** No artificial colouring of hair on heads/legs, dressing, bleaching or chemical agent (except Department of Environment, Fisheries and Rural Affairs' approved and recognised show dip and colourless oil on the head) shall be used on or applied to sheep entered in this show/sale. In the event that any sheep is found by the Inspectors or veterinary surgeons to have been artificially coloured, the owner shall upon being so required by the stewards forthwith remove such sheep and all other sheep in the same consignment from the Society Sale and the sale ground and the breeder will be banned from entry into any Society Sale or Society Show held during the next calendar year.
2. **HAIR SAMPLES:** Hair samples will be taken from each pen by the veterinary surgeon(s). A number of these will be selected at random at a later date and tested under clinical conditions for non-approved artificial colouring. Where found, the breeder will be notified in writing of the findings and banned from entry into any Society Sale or Society Show held during the next calendar year.
3. **INCORRECT MOUTHS/TESTES:** The veterinary surgeons will, without limitation, inspect for correct mouths and, in the case of rams, testes. Any sheep which is not approved by the Inspectors and/or veterinary surgeons shall upon being so required by the stewards forthwith remove such sheep and shall not be entered at any other Society sale and cannot be registered with the Society. The decisions of the Inspectors and veterinary surgeons on all such matters are and shall be final and binding, and (in the absence of bad faith) without any responsibility or liability on their part.
4. **BLACK WOOL AND PEELING INSPECTIONS:** Council has deemed it appropriate to carry out inspections and assess all sheep consigned to the Society sales for the presence of Black Wool and or level of peeling in any given sheep presented for sale. There will be three Council members performing this inspection to make an informed decision on excessive or not. This condition is considered by council as undesirable in pedigree breeding. Any sheep that fails the inspection has therefore to be removed from the sale as per the conditions applied to a failed veterinary inspection.

PLEASE NOTE: There will be no appeal to these decisions on the day.

Mr Barrie Turner
Chief Executive & Breed Secretary

Mr Andrew Evans
Chair of Council

VETERINARY INSPECTIONS AT SOCIETY SALES

TEETH DIAGRAM

To have a long and productive life a Suffolk sheep male or female must be able to eat grass. It's important that the functionality and structure of a sheep's mouth is physically able to do this. We often hear phrases like undershot or overshot as ways of describing this, but a picture paints a thousand words!

A and B are acceptable.

C and D will be rejected.

A FEW WORDS ON TESTICLES!

Rams put forward for sale at any sale should be functional, and that means it should have the correct equipment to be able to perform its duties and provide a viable semen sample that can get females in lamb.

The Testes are essential to this function and part of the vet's inspection at society sales is to check this out.

Scrotal circumference correlates strongly with semen quality and quantity. Rams with larger healthy testicles produce more sperm and have higher fertility rates.

Minimum scrotal circumference:

Ram lambs <1 year
30cm

Shearling rams 1-2 year
32cm

Mature rams >2 years
36cm

Introducing the Agri-Images Master Class

A word from our sponsor

Over the last two decades, Agriimages has had the privilege of capturing the Suffolk Society's shows and sales. During that time we've watched the breed, and its breeders, grow. We've seen new faces find their feet alongside the stalwarts who are always on hand to coach and encourage them, creating a very special community within the breed.

As a thank you to the Society and its breeders, and in recognition of those who have given so much to the breed over the years, Agriimages is delighted to sponsor a new class across the three premier sales: Lanark, Shrewsbury, and Northern Ireland.

The Agriimages Master Class is open to any flock established for 25 years or more. At each sale, a ram lamb class will be judged, with the winner receiving a £150 Agriimages voucher to redeem on our website, along with a memento from Agriimages. Second place £100 voucher and third £50 voucher

The three sale winners will then go forward to a members' vote to determine the overall Agriimages Master Class champion of champions, who will receive a half-day's Agriimages photography session, and the Agriimages Trophy. This gives you the background to the competition, and we will advertise the class on Social media to see if we can stir up some enthusiasm for it from the qualifying sale goers.

Rules for Showing within this Class

- *Flock must be established a minimum of 25 years and over.*
- *Ram Lamb cannot have been shown in any other class.*
- *List of eligible flocks in the Sale will be provided by the Society.*
